THE SEA AGAIN AFFORDS A CAREER

American boys are apparently going to sea again. Of 59,530 seamen placed by the United States Shipping Board this year about 70 per cent were American citizens. In 1917, when the board started operations, more than 90 per cent of its placements were aliens. The reason for this change is probably three-fold. Our policy of restricted immigration has cut down the alien supply. Opportunities for adventure which formerly existed within our boundaries are disappearing. Seaman'ship has been made a career.

Back in the youthful days of the republic, when the whole population was fringed along the seaboard, the American Merchant Marine was the envy of the world. In those days, when the wild West had not yet been opened, the sea was the obvious call to young men of venturesome spirit. In the harbor towns of the Atlantic seamen'ship became a calling. Father and son often sailed before the same mast. Seafaring families became a tradition. Harbor towns like Boston and Gloucester became the Mecca for inland youth who felt the wanderlust. That was the heyday of American shipping.

Then as the West opened up and adventure on land was possible, more and more of our young men turned to pushing back the frontiers. The Merchant Marine came to rely on alien recruits, often adding to their crews in foreign ports. Labor turnover became greater as pay grew less. Seamen'ship ceased to be an American calling.

Now perhaps it is to have a recrudescence. The Shipping Board has made a career at sea again possible. Pay and ratings have been standardized. Promotion proceeds in an orderly fashion. While all must begin at the bottom, advance from \$25 a month "and found" to \$62.50 a month is sure in three and a half years. The more ambitious can go on through the higher ratings to captain, and a captain draws \$330 a month, plus food and lodgings, and is the controlling genius of some 40 men.

Some of our ardent free traders might exercise their intellects by figuring up just how many foreign markets like Lithuania and Jugo Slavia it would take to make a market as big as the one we possess in the United States.

It is said that European diplomats are not satisfied with Mr. Hoover's trip to South America. This is enough to show that it must have been a pretty good trip.

A San Francisco woman, playing poker the other evening held three royal flushes within 45 minutes. If that had happened in Washington, it would have warranted a senate investigation.

W. C. T. U. LAYS PLEDGE DRIVE PLANS

The W. C. T. U. announces a pledge signing campaign among the youth of America, the campaign to end March 1, 1933, at which time the results of the canvass will be reported to President Herbert Hoover. The organization of this nation wide movement is in the hands of the Young People's branch of the W. C. T. U. in every state.

The pledges read "With President Hoover I want prohibition to succeed. I want to give prohibition its chance. That the constitution may be protected and orderly government preserved I declare my purpose to abstain from the use of all alcoholic liquors as a beverage; to support and defend the Eighteenth Amendment and thus to contribute to the success of prohibition."

The W. C. T. U. believes this will be a substantial contribution to the support of the president's views on prohibition. The women of the W. C. T. U. have great faith in Hoover's friendliness to the Eighteenth Amendment. Hoover's mother was a member of the W. C. T. U. of Iowa; and at one time Hoover himself was a member of the Loyal Temperance Legion, the children's organization sponsored by the W. C. T. U.

The women of the organization believe, in common with college presidents, schoolmasters and other experts that the young men in America, there are millions of boys and girls who have never seen a saloon and who will never suffer from the effects of liquor in themselves, in their friends or families. The W. C. T. U. has consistently defended American youth against the slanders of wet publicists who have declared the young folks ruined by prohibition and whose remedy to bring the boys back to normal is more liquor.

APPROVAL OF MELLON AS CABINET MEMBER FOUGHT

(Continued from Page 1)
die. The session lasted only two hours and less than 15 minutes was required to approve the new cabinet members.

Most of the time was consumed by debate on a resolution introduced by Senator McKellar, Tenn., authorizing the judiciary committee to prepare opinions on the following questions:

Mellon Row
Can the head of a government department legally hold office after the expiration of the term of the president by whom he was appointed?

Can Mellon legally hold office in view of the laws prohibiting the secretary of treasury from retaining his private business interests?

The resolution was hurriedly drafted when it became known President Hoover had determined not to seek the confirmation by this senate of Mellon and Davis, the two Coolidge cabinet officers he is retaining. The generally accepted interpretation of the law is that cabinet officers may keep their positions until a successor is appointed, regardless of change in administration.

Norris Objects
McKellar's resolution was adopted without a vote over the protest of Chairman Norris of the judiciary committee. Norris made no objection to the first question raised by the measure but said the second might stand in the way of impeachment proceedings against Mellon.

He said the constitution gives the House specific authority to institute ouster proceedings against a cabinet member guilty of a misdemeanor and that the senate becomes the trial body in case this is done. If the senate acts in advance, it might disqualify itself as a trial body, he said.

Senator Thomas J. Walsh, Montana, ranking minority member of the judiciary committee held another view. He contended the sen-

ate has a right to inquire into the conduct and qualifications of cabinet members even though their nominations are not under consideration.

Friends Aid Mellon
Senator Reed, Rep., Pa., a staunch friend of Mellon, first moved to refer the resolution to the finance committee but later withdrew it. He scoffed at the possibility of impeachment proceedings against Mellon and said he had no objection to the resolution.

Norris said he did not plan to start the Mellon investigation until the special session President Hoover is expected to call next month.

The McKellar amendment was directed entirely at Mellon as there was no opposition to Davis. Senator Couzens, Rep., Mich., served notice that he would seek the confirmation of Mellon's appointive aides such as collectors of internal revenue.

It was suggested by Senator Barkley, Dem., Ky., that the senate might force a termination of the Mellon regime by refusing to recognize his official acts and by cutting off appropriations for his department.

New Cabinet
New cabinet members are: Secretary of state, Henry L. Stimson, New York; Secretary of war, James W. Good, Iowa; Attorney general, William D. Mitchell, Minnesota; Postmaster general, Walter F. Brown, Ohio; Secretary of navy, Charles Francis Adams, Massachusetts; Secretary of interior, Ray Lyman Wilbur, California; Secretary of agriculture, Arthur M. Hyde, Missouri; Secretary of commerce, Robert Patterson Lamont, Illinois.

RICHMOND TENNIS CLUB TO MEET OAKLAND SQUAD

LOCAL NETMEN IN C GROUP OF LEAGUE

The Richmond Tennis club will meet the Oakland Tennis club Sunday at Oakland in the first game of the inter-club matches which will start next week.

Richmond will have six singles and three doubles matches to play in the contest.

A team to represent this city will be chosen from the following players: L. S. Fish, Sam Wilcox, Carl Peterson, Clair Brown, Ed Fanning, A. S. Remond, Wally Kruger, Henry Bill, Bob Radcliffe, and Fred Kruger. A number of the junior group of the club may be selected to play in the matches.

Richmond is rated in the division with Oakland, Alameda and the Sacramento clubs.

All three divisions, A, B, and C are rated as equal and the divisions were made to round out the play-off from the inter-club title.

The winners of the C League will meet the winner of the A and B division championship game for the title. It is planned.

It is possible that Richmond will annex the division of the inter-club championship.

U. C. Senior Crew Wins First Race

BERKELEY, March 5.—The senior class crew of the University of California holds the distinction of having won the first race rowed on the Oakland estuary for the new season. The senior shell, which included four of the oarsmen who won the world's championship at Amsterdam last summer, beat three other class boats in a mile interclass race. The time for the mile was 6 minutes 18 seconds.

Hi-Y Cagers In Win Over Berkeley Five

The Richmond Hi-Y cagers defeated the Berkeley Hi-Y club in the Y. M. C. A. here last night by a score of 17 to 14. The game was tied when the time whistle blew necessitating a three extra minutes of play before the Richmond team emerged victorious.

The cage game followed a dinner meeting held jointly by the two organizations. Rev. Robert Shaw, of the Pacific School of Religion, Berkeley, was the speaker, taking as his topic "Adventuring."

Members of the Girls Hi-Y club served the dinner. The orator, Don Seawright, played several selections. Melford, Miller, vice president of the Hi-Y club, spoke on the work of the new organization. Melford, Thomson presented a humorous sketch.

Certificates were presented to the Richmond Y. M. C. A. to members who completed work at the Older Boys Training school in Stockton during the Christmas holidays. Those receiving certificates were: Charles Malin, William Black, Angelo Pol, Don Seawright and Frank Fox.

Paul Elrod, secretary of the Berkeley Y. M. C. A., accompanied the members to Richmond and presented certificates to those completing the training course.

Baseball Team Of Bears Will Play Broncs Today

BERKELEY, March 5.—The University of California baseball team will play its third league game of the season this afternoon when the Bears meet the University of Santa Clara nine at Santa Clara.

The Bears and Broncs opened the season last week playing to a 4-1 tie that an extra three innings couldn't break. Norm Horn, the young sophomore from Wood who worked the full twelve innings in that game may start in the return game.

Before leaving Los Angeles, where they will play four games against Southern California and U. C. L. A. during the period March 15-19 the Bears will take on the Olympic club squad. The game is scheduled for Hilgard field Saturday afternoon.

WINNING BEAR FIVE RETURNS FROM NORTH

BERKELEY, March 5.—The University of California basketball team is back on its home campus today bringing its fifth Pacific Coast conference title in six years. The Bears defeated Washington at Seattle in successive games, 43 to 21 and 3 to 27 to finish the 1929 season without a single defeat by a conference opponent.

California has established a record unique in the annals of Pacific coast basketball, in that during the last 13 years of conference competition the Bears have figured in the title play 11 times. They have won the title outright six times tied for it twice, been runner-up twice and tied for the runner-up position once.

Since 1920 California has won the title of the southern division of the conference every year but one, when Southern California and California tied in 1923.

With the close of the 1929 season, the Bears have completed their fifth consecutive year without losing a single basketball game to Stanford, and their eighth consecutive season as series winners over their arch-enemies in athletic rivalry.

Coach C. M. "Nibs" Price steered his varsity quartet through a tough season schedule of 20 games, winning 17 and losing but three for a total score of 681 points to opponents' 517. The average score per game was California 34.05; opponents 25.85—an average margin of victory of 8.20 points per game.

Price losing three of his five regulars, Capt. Vern Cobbin, center, who holds the team division and conference record for scoring; Lenny Stevens, forward, and Rufe Gregory, star guard, Perry Tom Eyck, forward, and Joel Poff, field running guard, will be back next year as will "Freddie" Larson, varsity forward who broke his arm in the second conference game of the year.

The 1929 season will be opened in the middle-west, when the Bears journey east to play a three-game series with Kansas in January, fulfilling the agreement which brought the Jayhawkers to the coast this year.

Soccer Team To Meet S. F. Argonauts Soon

The Richmond soccer club will meet the San Francisco Argonauts in a return game within a few weeks, according to plans announced yesterday. The Argonaut game was scheduled for last Sunday afternoon but for some reason the local boys got their dates mixed and were unable to meet the San Francisco aggregation.

In the cup ties, Richmond has been drawn with Neptune Beach. They hold a victory over Richmond during the East Bay junior league play and likewise suffered their only defeat at the hands of the local boys earlier in the season.

Teams have entered the matches from all parts of the state, Sacramento having registered five teams and San Mateo one.

Good Matches Arranged For El Cerrito Ring

Fight fans in this district are assured of several good bouts at the El Cerrito Athletic club tomorrow night.

The main attraction will be the battling Bulahan-Buddy Ryan fight scheduled to go ten rounds. Ryan is a corner and Bulahan, who hails from Kansas, has been going great guns.

Joe Limas, who bowed to Ryan several weeks ago here, will meet Joey Roberts of Oakland in the semi-windup.

Three preliminary fights of four rounds each have been arranged.

No. 5 Don Conrad; No. 6 Jim McCormick; No. 7 Thompson; No. 8 Jack Moshawitz; No. 9 Harvey Berns; No. 10 Alex Gurrigan.

High Track Men Conduct Novice Meet

More than a score of aspirants for positions on the Richmond Union High School track team turned out last night for a novice meet held under the direction of the lettermen of the school.

Tonight the meet will be continued and at this time in all probability Coach Ivan W. Hill and Eddie Caine will make their selection of the 1929 track team.

The dashes, distance runs and other field events were featured yesterday afternoon. Members of last year's team supervised the events.

Through this manner Hill and Caine gave valuable time and the new men are given the benefit of the experience of the older boys.

The local squad will meet in its first field and track event of the season Friday with Lowell high school of San Francisco, at San Francisco.

The results in the events were as follows:

100 yards (10 3-5) Warrenburg, Long, Hall, Hurley
200 yards (22 1-2) Bravin, Carson, Babich, Dunleavy, O'Connell
440 yds. (58 seconds) Hall, Freese, Lucher, Meie, and Young.

Boxers From U. C. To Meet Northern Team

BERKELEY, March 5.—The University of California will send a team of seven experienced boxers to Seattle this week to meet the University of Washington on Friday 8 in their intercollegiate boxing bouts. The California team has engaged in, won, two meets this year, defeating the California Aggies and Stanford University on following weeks. With one or two exceptions, the team is made up of veterans of former years, and the new men or the squad have won their places by fighting their way through a tough series of eliminations.

Members of the squad who were picked by Coach Stanley Jones to make the northern trip are: Capt. Frank Ribbet, welterweight; Merle Ansberry, bantamweight; Edgar Nemir, featherweight; Wilbur Kindig, light weight; George

RICHMOND NINE WINS OVER BERKELEY

The Richmond Union High school baseball team yesterday met the Berkeley high school nine in a return game and came out at the long end of an eight to one score.

San Miguel started for the local sticklers in four trips to the plate he macked four hits and crossed the plate twice.

Roundtree did some good stick-work for the locals, collecting two out of four and making three runs. Clark got a hit and walked two times out of four trips to the plate. He also crossed the plate once.

Dutton scored the only run for the Berkeley team in the second inning. He went to first on a safe single and was brought in by Anderson who singled sharply.

In the course of the day Richmond collected 11 hits while Berkeley was held to five hits.

EL CERRITO NOT TO GET NEW BUS LINE

In replying to a request of the council of the city of El Cerrito to have bus line extended from Sunset View Cemetery west along Fairmont avenue to San Pablo avenue, S. J. Lundberg, president of the Key System Transit company in a letter read at the council meeting Tuesday night, stated that their survey showed the extension would have to run at a deficit of \$5629 per year and as the line was being operated at the present time at a loss it would be impossible to extend it. The communication was placed on file.

As no protests were received on the improvement of Clatsop street the council ordered the work done and bids will be called for early in April.

On the suggestion of Councilman J. R. Park City Attorney J. H. Peters was instructed to send a resolution to the council to Gov. C. C. Young, Assemblyman Robert Easley and Senator W. R. Sharkey protesting the passage of the state bill providing the annex of territory in one county to another county.

The council of El Cerrito and City Engineer Ross L. Galt will inspect the proposed improvement to Alhambra street this morning to determine the amount of money the city would give for the construction of a concrete culvert across the street.

REBELS LIFT CATHOLIC CHURCH BAN

Continued from Page 1

Gen. Alejandro Rodriguez, governor of Lower California, was reported for a time today to have joined the revolutionaries, but this later was denied at his offices in Mexicali.

It was said in Mexicali that Lower California planned to aggressive moves against the Rebels, but that troops of the state were being moved to protect its largest towns. Lower California has a small air force.

RAIN NEEDED FOR WATER SUPPLY

Unless March of this year is as wet as March of last year, heavy pumping will be necessary to carry the East Bay cities through with a sufficient water supply, according to an announcement by Arthur P. Davis, chief engineer and general manager of the East Bay Municipal Utility district.

Little run-off was had from the rains early in the season and there has been little precipitation since Christmas. This means that considerable rain must now fall to sock up the ground before there could be any spring run-off for the reservoirs, according to Davis.

Consumption Heavy
Meanwhile, consumption of water has gone on as usual at the rate of nearly one billion gallons per month.

There are now about two billion gallons left in the reservoirs, but the outlet pipes and this is being augmented by pumping from wells at Jones avenue, Fitchburg and Alvarado.

It is apparent, however, according to Davis that the water now above the outlets of the reservoirs and that being received from present wells will be insufficient to carry through and preparations are now being made for additional pumping.

Pumps Started
The San Leandro booster pumps which will provide about one million gallons daily were started yesterday and pumping will start from the Roberts Landing wells as soon as permission has been obtained from the Eden Township Water district which controls that water.

The Roberts Landing wells were for many years a large source of supply for the East Bay Water company but the pumping has depleted the ground water in that end of the country so that the water company agreed to stop using that source except in a case of emergency.

Emergency Seen
"Such an emergency now seems to be confronting us," said Davis, "and we have asked for and expect to receive permission to use this water for awhile. Another possibility is to install pumps in the Upper San Leandro reservoirs to lift water into its outlet after the level falls so far that it will not run out by gravity. There is a considerable quantity of water in that reservoir that could be used in this way but this will not be resorted to unless absolutely necessary."

March is sometimes a month of exceedingly heavy rainfall according to records in Davis' office. Last March saw the heaviest fall of rain in 20 years. The run-off from the Mokelumne was sufficient to have filled the Paradise reservoir in five weeks had the dam been built to hold the water. There was also a phenomenal run-off from the local water shed providing an abundance of water for the balance of the season. Should such a condition exist again this year there would be no serious problem, but otherwise, every possible means will have to be utilized in order to provide for the East Bay cities the billion gallons per month which they normally use.

Firm Duns Man By Night Telegram
MILWAUKEE, March 5. (UP)—Patrick Gradecki took his troubles to the office of the district attorney after he had been called from his bed three consecutive times on very cold nights.

Each time it was a telegraph messenger, Gradecki said, and each time the messenger wanted 20 cents for the delivery.

The messages all were the same. They read: "Imperative that you make payment at once or court action follows."

El Cerrito In Plan To Guard Dance Floors

Continued from Page 1

quired to have two deputy marshals on duty, Saturday, Sunday and on all holidays, and one deputy marshal on all other days.

Under the proposed ordinance the marshals would be employed by the management of the places where they are on duty and would be appointed upon the approval of Chief of Police R. R. Cheek.

The proposed new law also would provide that all booths open on the dance floor and that no curtains be allowed.

Co-operation Asked
Councilmen of El Cerrito also plan to have a similar ordinance presented to the city council of Richmond to govern establishments which are within the city limits of Richmond.

The proposed El Cerrito ordinance was referred to City Attorney J. H. Peters for one week for study. Peters will obtain copies of similar laws which are reported to be in effect in neighboring cities.

Harry Botger, manager of "Mammy's" appeared before the council last night and asked permission to have a deputy marshal placed on guard at his place of business. Botger's request was granted with the provision that the appointment be approved by Chief of Police Cheek.

EL NIDO WILL BE OPENED TONIGHT

An Orchestrola with a 70 lb. dynamic motor, which has recently been patented and claimed to be the first of its kind in the East bay section, is being installed at Club El Nido and will furnish the music for the grand three-day opening beginning tonight. The lessees, A. L. Paulsen and M. E. Harr claim this instrument has sufficient volume to furnish music for the largest crowd.

This evening, "Brother Bob", Barney Lewis, and other entertainers of KTAB will be at Club El Nido in person and on Thursday evening, there will be a balloon fete and door prizes. Friday evening, there will be favor serpentine and as door prizes, a cut crystal necklace furnished by D. C. Bettencourt, local fashion jeweler and a sterling silver liveleather Hickok belt and buckle furnished by Ben Malik, young men's clothier of Richmond.

The lessees state that Club El Nido will be open daily from 4 p. m. to 1 a. m. and fried chicken, baked ham and steaks will be served at popular prices with no cover charge. Dancing will be free, a large maple dance floor having been provided for the purpose. The club will be informal at all times and patrons will be permitted to stay as long as they choose.

A FEW ETERNAL Questions

To wives, especially

{Husbands may read between the lines}

Is your husband thoughtful enough to carry life insurance for your benefit?

How much? Enough to educate the children, give them a start, and keep you fairly comfortable for life?

Would you enjoy the prospect of having to invest this money some day so as to give you a steady income?

Or would you be glad to know that your husband had arranged his life insurance so that the responsibility for the sound investment of the proceeds would be placed on our shoulders rather than on yours?

And, at the same time, wouldn't it reassure you to know that, if special needs arose, part of the principal would be promptly available for your use?

Has your husband, to your knowledge, looked into this arrangement of a Life Insurance Trust?

Why not encourage him to come in and find out more about this excellent modern plan which so many of our thoughtful business men are adopting?
